There must be no items/products or signs/name-boards on the fascias of any sort, other than official ICHF name-boards; also no 'Sale' or 'Discounted' signs (including handwritten ones) should be used. Printed 'Show Offer' is permitted.

The above points are to keep our exhibitions looking neat, tidy and of a 'quality' presentation.

Balloons above the top of the stands are not recommended and are subject to removal at ICHF's discretion (also note that if they go to the ceiling the venues often charge for their removal, which charge would be passed on to the exhibitor).

Support Walling and Safety Statement

The stands are temporary structures and therefore limited in their stability. For safety please bear in mind the following:

- (i) Any stand over 6m in length may require additional support panels. These are inserted at the sole discretion of the stand contractor.
- (ii) The walls are not designed for the hanging of large quantities of products. You should have self-supporting units.

BREAKDOWN

Exhibitors should be clear of the hall by 22:00 hrs on Sunday evening.

COLLECTIONS

Our contract with the venue finishes on Sunday evening. Therefore, it may not be possible to leave goods in the hall for collection on Monday. Please check with the Show Manager, before the show opens, but goods left overnight are in danger of being lost or disposed of by the venue.

HEALTH AND SAFETY

BUILD-UP HEALTH & SAFETY

Please note that no under 16s are allowed in the exhibition hall during build-up and breakdown. This is a requirement of the venue's Health & Safety policy.

RISK ASSESSMENT

An exhibition stand is a workplace covered by health and safety legislation. As the exhibitor, it is your responsibility to ensure a suitable and sufficient risk assessment is completed. Failure to do so could lead to delays or ultimately the closure of your stand.

You must complete a Risk Assessment form and return it to us before build-up commences, to operations@ichf.co.uk or post to the address below.

HIGH VIS

It is now a requirement for all exhibitors to wear high vis jackets throughout build-up and breakdown. A limited supply will be available in the organisers office to purchase.

SITE INDUCTION

Exhibitors will be required to sign a site induction form on arrival to the venue, to confirm you will comply with the health and safety rules onsite. A copy of the form can be found on the exhibitor's zone.

STAND GUIDELINES

Please be aware that you must set-up all products within your stand. It is potentially a major health and safety risk if you fail to do so. You may be asked to re-design your stand layout if this is the case. Important note: Your stand is a temporary structure that is not designed to carry heavy loads, if you are planning to hang items from your stand, please contact the office for your stand weight capacity. Shelving units also need to be free standing. Please contact operations@ichf.co.uk if you have any queries.
